Leedon News

September 2026

We are excited to welcome the children back in September. Teachers have been busy setting up their classrooms and making them inviting and exciting learning environments. As previously mentioned we will be raising our expectations from September. The staff have been asked to 'Sweat The Small Stuff' To ensure our school is a community which pupils, parents and staff are proud to be part of. Many of the expectations are already school policy but have slipped over time. Some are tweaks to existing policies made in order to bring consistency and equity.

We need your support!

- Uniform: we will be expecting pupils to be wearing correct uniform. You will be told which days your child has PE
- Snack: we will expect the children to have fruit and water at snack time. The children will be having an indoor break at snack time as well as a morning playtime outside
- Attendance: we expect the children to be in school, on time, every day. We will be meeting with parents when attendance is below 95%

We will not authorise family holidays.

- Behaviour: children are expected to show positive values and behaviours. In order to ensure all children's right to education we will be working to improve low level disruption and behaviours which are detrimental to others. We will contact you if needed and we expect parents to support the implementation of our behaviour policy
- Values: as a school promoting Values Education we are keen to communicate in a polite and professional manner. Please treat the staff with respect - we are here to serve.

Support for Leedon

Pioneer Learning Trust continues to provide support through the government RISE programme.

Central Beds council provide regular check-ins and support from School Improvement Advisors

Central government through Ofsted & HMI visits

Leedon's Values 2026/2027

L learning
