Dear Year 1 Children

Thank you for all your letters. I am very excited that you will all be able to come to my Ball.

I need your help. We need some games to play but we can't play any of the games that I know because we all have to stay 2m away from each other.

Could you invent a game that we could play and write some instructions so that we know how to play it?

Thank you.

Yours faithfully

Perdita
