

This week at Little Learners:

We have been doing activities about friendship, sharing and using our manners.

We played table top games where we had to listen to instructions, share and take turns. Our favourite games were 'Hungry hippos' and 'Magnetic fishing.'

We played a shopping list game where we had to find the items on our list. Then we got paper, pens and clipboards and asked everybody in pre-school what they wanted to add to the list.

We created kindness hearts by cutting out a heart shape and decorating it. We then talked about how we could be kind to others and wrote it on our heart. We attached ribbon so we could hang them up.

We all decorated a leaf to put on a friendship tree. We talked about people who are our friends.

We have been doing group phonics every morning and afternoon, learning to link letters and sounds. We get stickers!

We have had a delivery of sand to our sand pit. We have spent lots of time in the sand pit digging, making sand castles, searching for treasure and burying things. We also mixed sand and water to 'make cakes.'

For our school readiness, we have been practising putting on our coat and shoes independently.

We have also been practising our counting and learning our colours. In the garden we took turns to search for items of a specific colour.

We played with the big parachute in the garden which was lots of fun! We continued our colours theme by listening to an instruction to sit on a specific colour when the parachute was on the ground.

Next week our theme is Superheroes and Princesses.
