Rounder Rules

No more than 9 players may be on the field at any one time.

1) The bowler bowls to the batter, who hits the ball forward on the Rounders Pitch.

NOTE: 1st post only, until the ball has crossed the line.

2) Batter then runs to as many posts as possible before the fielders return the ball to touch the post the batter is heading for, or the ball is returned to the bowler in the bowling square

3) SCORING:

- If the batter reaches the 2nd or 3rd post in one hit, the batting team scores 1/2 a Rounder.
- If the batter reaches 4th post in one hit, the batting team scores ONE Rounder.

- 2 NO BALLS from the bowler = 1/2 rounder
- Obstruction by a fielder = 1/2 Rounder

4) Hit behind = 1st post only - until the ball has crossed the line

4) A player becomes 'out' of the innings when:

- A batter runs on the inside of the posts
- A batter deliberately throws the bat.
- The post the batter is running to, gets stumped
- A batter overtakes another batter on the track
- The batter gets caught out.
- The batter loses contact with the post when the bowler has the ball

- A batter is out if they have a foot over the batting square and either miss or hit a good ball.

5) Batters must touch 4th post on getting home.
