

Take turns to speak

One person speaks at a time

Watch the person's face

**Watch the way they
sit, stand or move**

**Listen carefully to the
person talking**

**Ask them to repeat what they
have said if you don't
understand the first time**

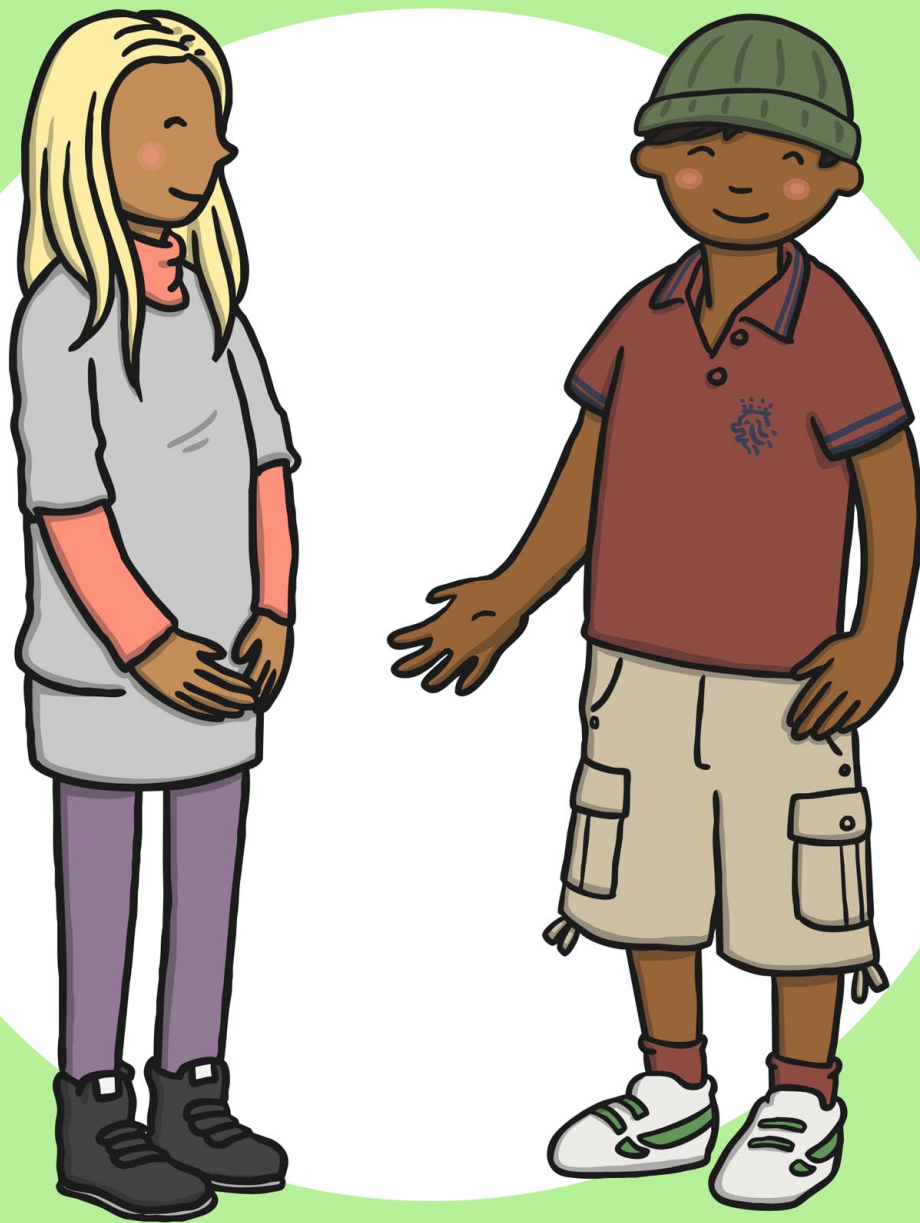

**Try to stay calm if
you don't understand**

**When speaking, stay
close to a person, but
not too close**

Let others speak first

Ask questions

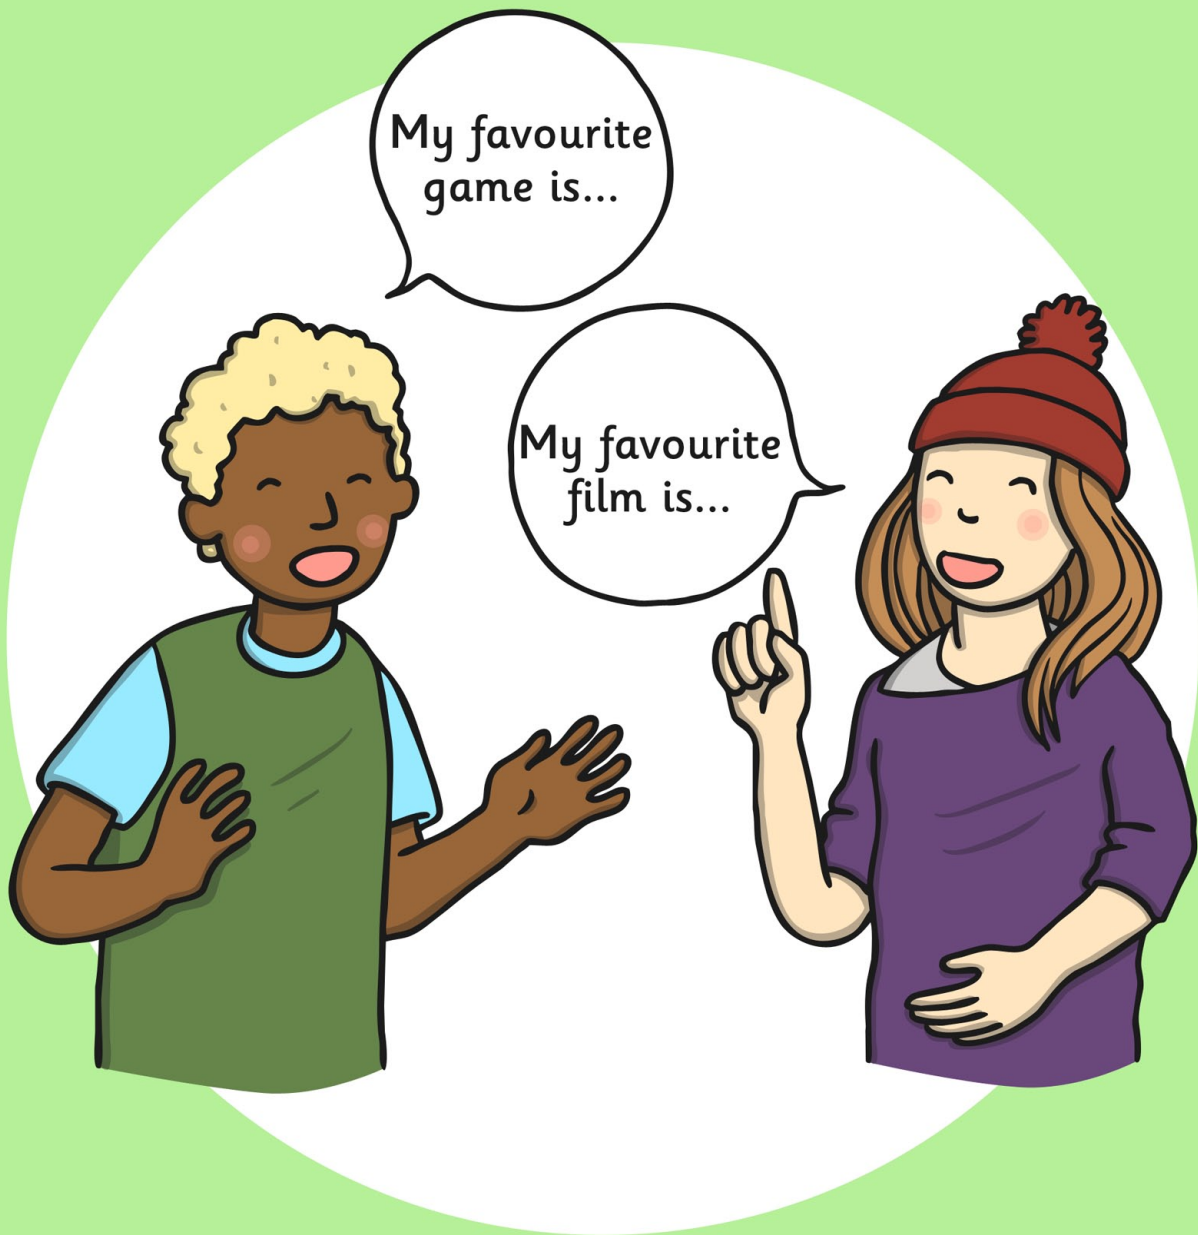

When is
your
birthday?

What time
is it?

What's your
favourite
colour?

Talk about different topics

**Look towards the
person and
listen well**

To listen well, turn off other thoughts

...

Give compliments!
