

Naming Materials

Aim

- I can identify and name different materials.

Success Criteria

- I can recognise different materials.
- I can match a material to its name.
- I can use adjectives to describe a material.

Exploring Materials

Today you are going to explore some different materials, which is very exciting!

These are the **very important** things you need to remember to **stay safe**.

- Listen to all the instructions carefully.
- Be sensible.
- Be gentle with the materials.
- Look out for any sharp edges.

We're going on a material hunt

Today, we'd like you to explore what **MATERIALS** you can find at home (or at school if you're at school today).

Remember, we are looking for the **MATERIAL** that an object is made from, not the object.

You could:-

- Draw and label a picture of the materials you find
- Take photos of the materials and label the photo
- Use post-it notes or bits of paper to label the materials and photograph them.

Keywords

Can you think of three words to describe your material?
