- Draw upon knowledge of vocabulary in order to understand the text.
- Begin to understand alliteration
- Predict what you think will happen based on the information that you have been given
- Explain your preferences, thoughts and opinions about the text
- Sequence the key events in the story

Blurb and Main Themes

It was supposed to be a present for Fudge’s dad. A little box from a jumble sale, just the sort of thing he loves.

No way was there supposed to be a Genie inside. A Genie who promises he can make all of Fudge’s wishes come true. Which does sound pretty cool.

But Fudge is about to find out that you have to be careful what you wish for.
