### Facts

- Families can be very different from each other and they are formed in different ways e.g. some children are fostered or adopted, some parents are the same sex as each other, some families only have one parent and some families are separated from each other.
- We have lots of people around us who care for us e.g. parents, siblings, grandparents, other relatives, friends, teachers etc.
- Adults can play lots of different roles in our lives and they can care for us in different ways.
- It is important to tell someone if you are worried about something in your family. We will learn some ways of doing that.
