

Our Learning Keys

Relationships; Respecting Ourselves and Others

PSHE

Year 2

Autumn 3 of 3

Questions

- What do we have in common with our friends and classmates-or with other people?
- Can we have both similarities with and differences to our friends?
- How do we work and play collaboratively with different groups of people and in different situations?
- How do we effectively share our ideas with other people, take part in effective discussions, give reasons for our views and listen well to others?

Facts

- Sometimes we are similar to our friends, sometimes we are very different-and sometimes we are a mix of both.
- Some people say that 'opposites attract'.
- It can be challenging if we have different views to others and have mature discussions with them may mean we have to 'agree to disagree'.
- We need to compromise, share our views and opinions and listen well to others in order to work, play and live harmoniously with groups of people around us.
