

Our Learning Keys

Relationships; Families and Friendships

PSHE

Year 3

Autumn 1 of 3

Questions

- What makes a family?
- How are some families different from or similar to our own?
- What do the term same-sex parents, blended families, adoption, fostering and single parents mean?
- What do families provide for us? What are the positive aspects of being part of a family?
- How do we identify if something in a family might make someone upset or worried?
- What do we do and / or who do we tell if family relationships make us feel worried or unsafe?

Blended
Step-family
Single parents

Facts

- Families come in all shapes and sizes and children may be looked after by their birth parents or by other adults.
- Families provide us with love, support and encouragement and they care for us.
- Sometimes, though, family relationships may be a cause of worry and there are people who can help us if a relationship is making us feel unhappy or unsafe.
- Our bodies can tell us if we are feeling worried or unsafe.
