If the World Were a Village

Reading Skills

David J. Smith

Year 4

Spring 1

Questions

- How many people live in the world?
- What is the biggest language spoken?
- What is food security?
- Which country has the most people living in it?

Blurb and Main Themes

If the World Were a Village tells us who we are, where we live, how fast we are growing, what languages we speak, what religions we practice and more. This new edition updates and expands the statistics and provides new information on food security, energy consumption and health, as well as several new activities that will stimulate discussion and show children and families how they can become more world-minded

Links

Images

The village stirs and comes to life, ready for a new day. Who are the people of the global village? Where do they come from?
60 are from Asia
15 are from Africa
11 are from Europe
8 are from South America, Central America (including Mexico) and the Caribbean
5 are from Canada and the United States
1 is from Oceania (an area that includes Australia, New Zealand and the islands of the south, west and central Pacific)
