

Meet Mrs Sayell

Hi there! 🙋 I work in Pastoral in the Nest helping and supporting lots of different children. You might work with me 1-1 or in a group. I'm here to help you feel happy, safe, and ready to learn at school. Here's what I do:

I Help You with Your Feelings

Sometimes we all feel sad, worried, or angry — and that's okay! I'm someone you can talk to if you're having a hard day or need someone to listen.

I Help You with Friendships

If you're having trouble with friends, I can help you sort things out and learn how to get along better with others.

I Help You Enjoy School

If something is making school tricky — like finding it hard to concentrate, missing someone at home, or not wanting to come in — I'm here to help you feel better and enjoy being at school.

I'm Here for You!

You can come and talk to me any time. I'll always do my best to listen, understand, and support you.

SOMETHING ABOUT ME

I have a beautiful dog called Dotty who loves her walks and playing ball. I have 3 children who keep me very busy and I enjoy going to the gym.
